

Ergomatic Hand Packing Station

The Ergomatic is a value-priced, semi-automatic hand packing station solution for companies that require more throughput than manual case erecting, packing and sealing can provide.

Common Applications

- Products that require inspection before packing (meat, dairy, pharmaceutical)
- Short run or variable product sizes going into case
- Products that are difficult to handle automatically
- Packaging operations where full automation is not feasible due to the application or lack of funding

Warranty

All CPS equipment carries a 12 month (single shift) warranty (parts and labour) given normal wear and tear

Speed

10 cpm
