

TF-2 Tray Former

The TF-2 features a low-profile, gravity walk-in case magazine, and only 4 easy adjustments for tray changeover. The computer controlled glue application system applies glue very precisely to the tabs at measurable intervals, creating a very square and securely glued tray, every cycle.

Specification

- Heavy duty welded tubular steel framework with Steel-It paint finish
- Easy changeover with pre-set mandrels and crank adjustments
- Nordson ProBlue hot melt glue unit with precise temperature control and energy saving timer
- Easy load, gravity tray magazine
- Self-cleaning vacuum system flushes the vacuum system every cycle, preventing corrugated dust buildup
- Self-cleaning glue guns keep glue patterns tight and on target
- Allen Bradley PLC Control with touch screen operator interface

Warranty

All CPS equipment carries a 12 month (single shift) warranty (parts and labour) given normal wear and tear

Speed

TF-2 10 tpm
TF-2 PLUS 8 tpm
