SIAT
M.J. MAILLIS GROUP

Combi
Packaging Systems LLC

comarme

Our profile

CPS, formerly known as Cling Packaging Systems, was founded in 1985 by proprietor Chris Bishop. The company has evolved to become one of the largest distributors of SIAT globally, and the exclusive agent for Maillis and SIAT carton sealers and wrappers in Australia and New Zealand.

At every step in the company's growth, CPS have expanded both their technological expertise and understanding of client needs. Adding high end capabilities, with the introduction of Combi and Comarme into their product range, CPS truly deliver end-to-end packaging solutions.

CPS provide end-to-end packaging and servicing solutions to maximize client production lines. From small businesses to the largest global organisations; CPS cater for the likes of Coca Cola, Cadbury, IGA, SPC (food and beverage), Kraft and Fosters. CPS can offer all clients prompt maintenance 24 hours a day, 7 days a week.

Product

CPS specialise in both automatic and semi-automatic machines, catering for a range of packaging lines. CPS not only provides the machines, but installs and warranties them, along with training client's operating and maintenance staff. CPS also offers tailored modifications for clients, creating machines to meet specific packaging lines

CPS are the only company in Australia that make semi-automatic product manuals available to their clients online; clients are not bound to costly call-outs, and have access to documents that act as additional visual aids.

Service

CPS takes great pride in having provided 26 years of comprehensive and optimum servicing. Being specialists in machinery, CPS offers clients proactive servicing, spare parts, a pool of emergency parts on clients' premises, a recommended spare parts list and overnight service turnaround time.

Automatic machines are sold with a service agreement, which is rolled out every 3, 6 and 12 months, depending on volume and environment. This Service Maintenance Agreement prolongs life of machines through proactive servicing, ensuring production efficiency and product longevity.

Critical spare parts are in stock on the CPS premises - an unmatched advantage, which ensures your business will not be hindered by costly and potentially devastating prolonged periods of service down-time.

CPS can solve your whole packaging challenge, from designing a line, to instalment and maintenance. CPS offer clients analysis to help solve and streamline existing production lines, ensuring cost effective solutions. Costing and value are all offered before a decision or purchase is made.

Our People

CPS offers a truly personal service. Each client is assigned a team, not just an individual; two Sales Representatives – National and State Manager, Technical Manager and Installation Coordinator.

The CPS sales teams all have technical and engineering backgrounds, offering clients optimum advice and servicing. Service is the centre of the CPS core values.

Location

The CPS head office is located in Victoria, Australia, with branch offices in New South Wales and Queensland. South Australia, Western Australia, Northern Territory and Tasmania are well catered for by the distributor network. Within New Zealand, distributors cater for both the North and the South Islands of New Zealand.

SK1

Carton Sealer

Bottom drive, manually adjusted carton sealing machine.

Specification

- Safety emergency stop
- Energy saving kit
- 240v or 415v 10 amp 4 pin standard

Options

- Castors
- Gravity conveyor options

Warranty

All CPS equipment carries a 12 month (single shift) warranty (parts and labour) given normal wear and tear

Carton sizes range (mm)

	L	W	H
Min.	150	130	120
Max.	Inf.	500	500

SK2

Carton Sealer

Fixed size, manually adjustable top and bottom drive carton sealing machine.

Specification

- Safety emergency stop
- Independent top and bottom drives
- Energy saving kit
- 240v or 415v 10 amp 4 pin standard

Options

- Castors
- Gravity conveyor options (Also available in Stainless Steel Model No SM2 Inox)

Warranty

All CPS equipment carries a 12 month (single shift) warranty (parts and labour) given normal wear and tear

Carton sizes range (mm)

	L	W	H
Min.	150	140	110
Max.	Inf.	500	500

S8/4 Carton Sealer

Fixed size, manually adjustable, side drive carton sealing machine for low profile cartons.

Specification

- Safety emergency stop
- Energy saving kit
- 240v or 415v 10 amp 4 pin standard
- 30mm tape length

Options

- Castors
- Gravity conveyor options

Warranty

All CPS equipment carries a 12 month (single shift) warranty (parts and labour) given normal wear and tear

Carton sizes range (mm)

	L	W	H
Min.	150	105	60
Max.	Inf.	500	500

XL35

Carton Sealer

Side drive, manually adjusted carton sealing machine.

Specification

- Safety emergency stop
- Independent drive
- Energy saving kit
- 240v or 415v 10 amp 4 pin standard

Options

- Castors
- Gravity conveyor options

Warranty

All CPS equipment carries a 12 month (single shift) warranty (parts and labour) given normal wear and tear

Carton sizes range (mm)

	L	W	H
Min.	150	120	120
Max.	Inf.	500	500

XL36

Carton Sealer

Side drive, manually adjusted carton sealing machine for large cartons.

Specification

- Safety emergency stop
- Energy saving kit
- 240v or 415v 10 amp 4 pin standard

Options

- Castors
- Gravity conveyor options

Warranty

All CPS equipment carries a 12 month (single shift) warranty (parts and labour) given normal wear and tear

Carton sizes range (mm)

	L	W	H
Min.	150	140	120
Max.	Inf.	650	650

XL46

Carton Sealer

Side drive, semi-automatic random carton sealing machine for large cartons.

Specification

- Safety emergency stop
- Energy saving kit
- 240v or 415v 10 amp 4 pin standard
- Compressed air required

Options

- Castors
- Gravity conveyor options

Warranty

All CPS equipment carries a 12 month (single shift) warranty (parts and labour) given normal wear and tear

Carton sizes range (mm)

	L	W	H
Min.	150	140	120
Max.	Inf.	650	650

SR4

Carton Sealer

Semi-automatic, top and bottom drive, random carton sealer.

Specification

- Safety emergency stop
- 240v or 415v 10 amp 4 pin standard
- Compressed air required

Options

- Castors
- Gravity conveyor options
- Top and bottom sealing; top seal only or bottom seal only

Warranty

All CPS equipment carries a 12 month (single shift) warranty (parts and labour) given normal wear and tear

Carton sizes range (mm)

	L	W	H
Min.	150	140	110
Max.	Inf.	500	500

SML2

Carton Sealer

Fixed size, manually adjustable top and bottom drive, side sealer.

Specification

- Safety emergency stop
- Patented K-71 heads (up to 50mm tape width)
- 240v or 415v 10 amp 4 pin standard

Options

- Castors
- Gravity conveyor options
- Stainless steel

Warranty

All CPS equipment carries a 12 month (single shift) warranty (parts and labour) given normal wear and tear

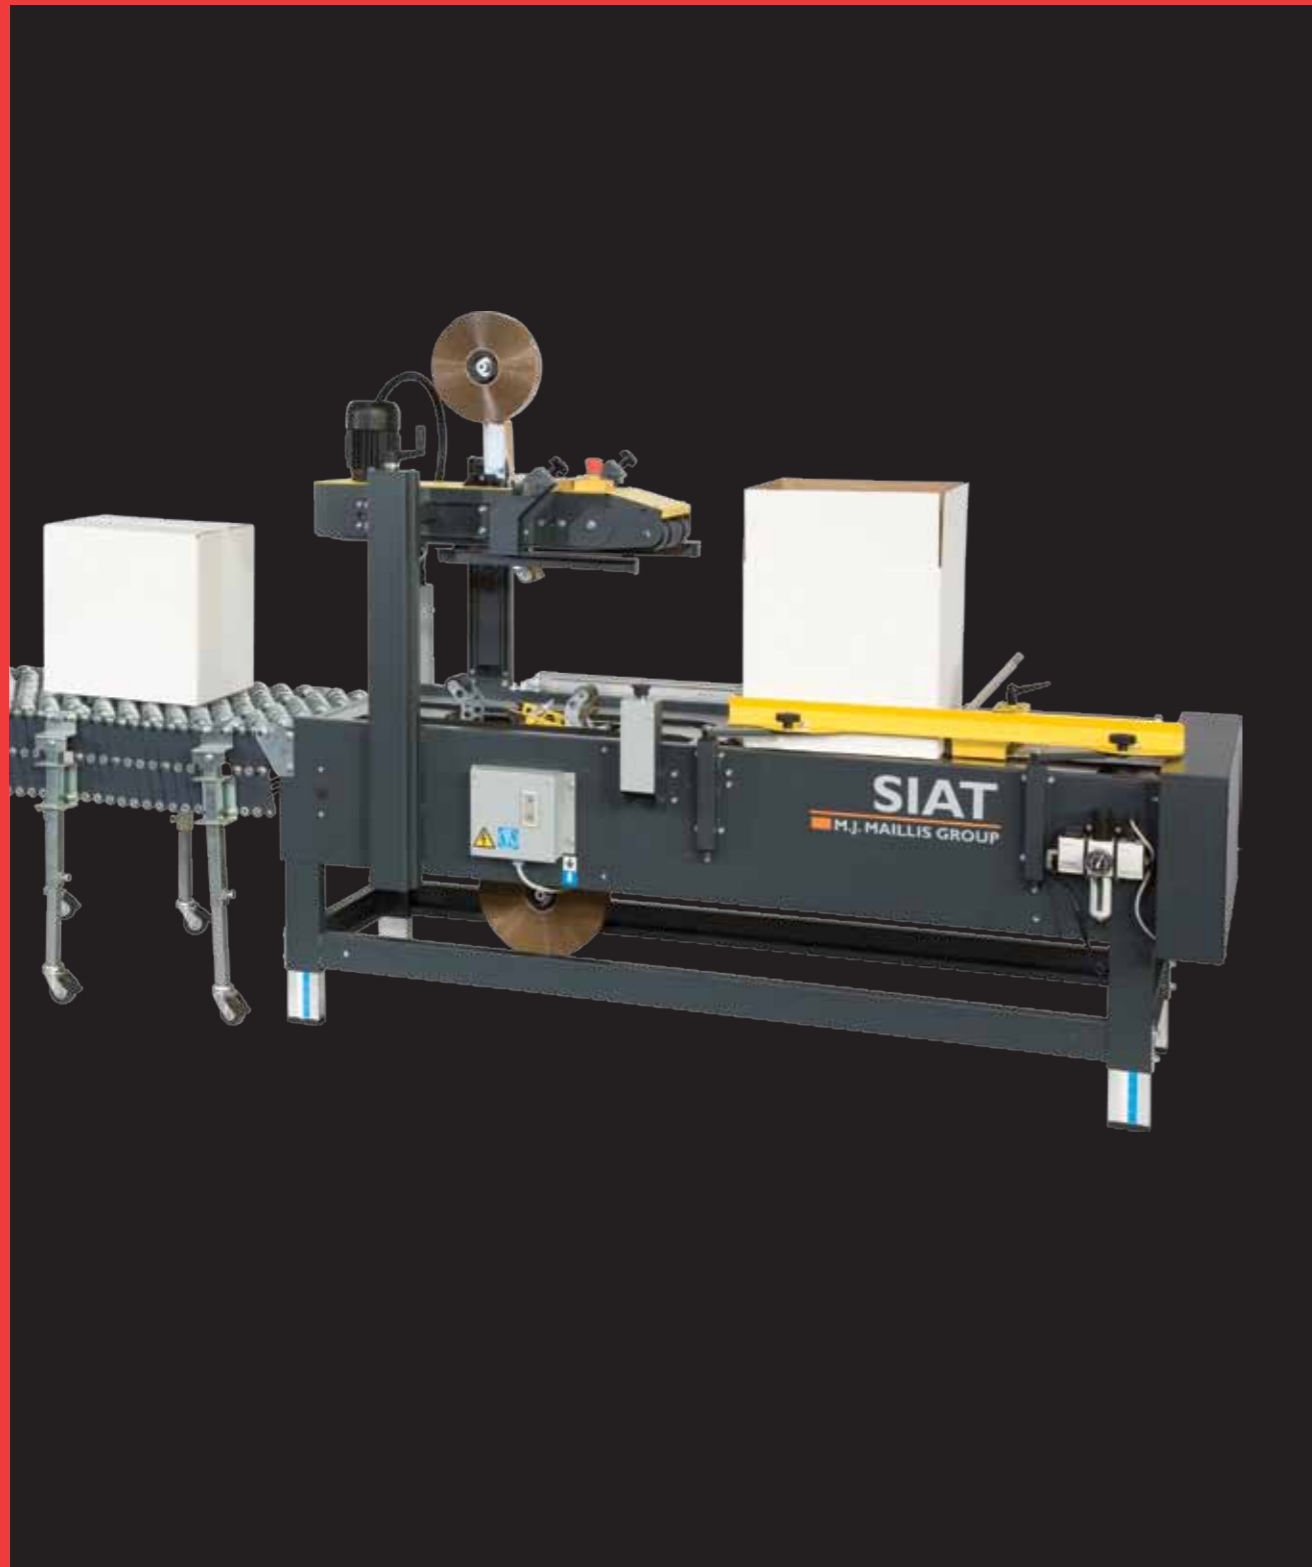

Carton sizes range (mm)

	L	W	H
Min.	180	150	120
Max.	Inf.	480	450

PS50TB

Carton Former & Sealer

Semi-automatic box filling/erecting/sealing packaging station, manual set up according to the different carton sizes for forming, manual filling and sealing of the top/bottom of the carton.

Specification

- Safety emergency stop
- 240v or 415v 10 amp 4 pin standard
- Compressed air required

Options

- Castors
- Gravity conveyor options

Warranty

All CPS equipment carries a 12 month (single shift) warranty (parts and labour) given normal wear and tear

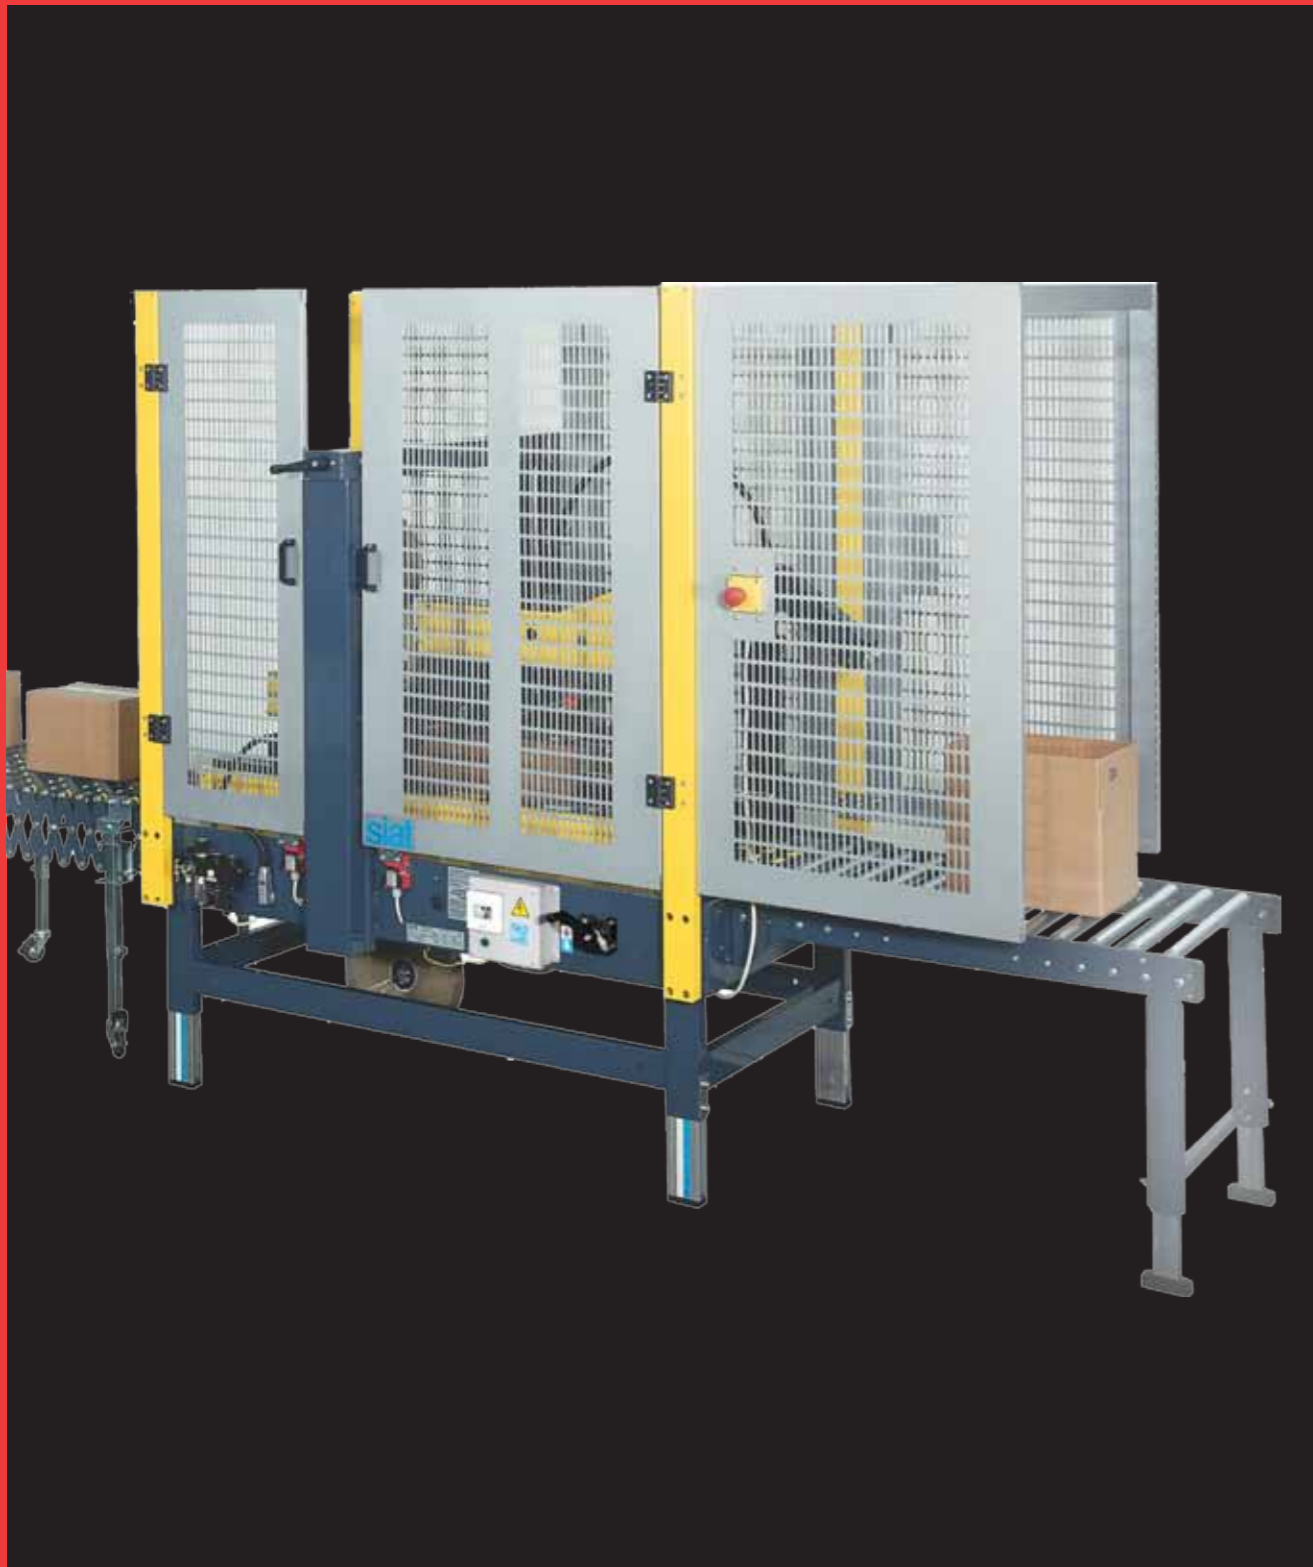

Carton sizes range (mm)

	L	W	H
Min.	200	150	120
Max.	600	500	500

SM11

Carton Sealer

Fully automatic, 4 flap closing carton sealing machine with manual carton size changing.

Specification

- Full safety guarding
- Safety emergency stop
- Independent side drive
- 240v or 415v 10 amp 4 pin standard

Options

- Castors
- Indexing gate to prevent two cartons going into the machine together
- Stainless steel model available
- Top and bottom sealing; top seal only or bottom seal only

Speed

SM11 _____ 15 cpm
SM11/4 _____ 15 cpm

Warranty

All CPS equipment carries a 12 month (single shift) warranty (parts and labour) given normal wear and tear

Carton sizes range (mm)

		L	W	H
SM11	Min.	150	120	200
	Max.	500	500	600
SM11/4	Min.	200	60	200
	Max.	600	500	600

SM44HD & SM44HS Carton Sealer

Fully automatic random size carton sealing machine. This machine offers the possibility to centralize the random carton sealing of several packaging lines with no operator being required.

Specification

- Full safety guarding
- PLC controlled
- Pneumatic adjustment of each machine operation
- 415v 4 pin standard
- Compressed air required
- Automatic separating unit (AS24)
- Servo drive (SM44HS)

Speed

SM44HD	8 - 10 cpm
SM44/4HD	8 - 10 cpm
SM446HD	6 - 8 cpm
SM44HS	14 - 18 cpm

Warranty

All CPS equipment carries a 12 month (single shift) warranty (parts and labour) given normal wear and tear

Options

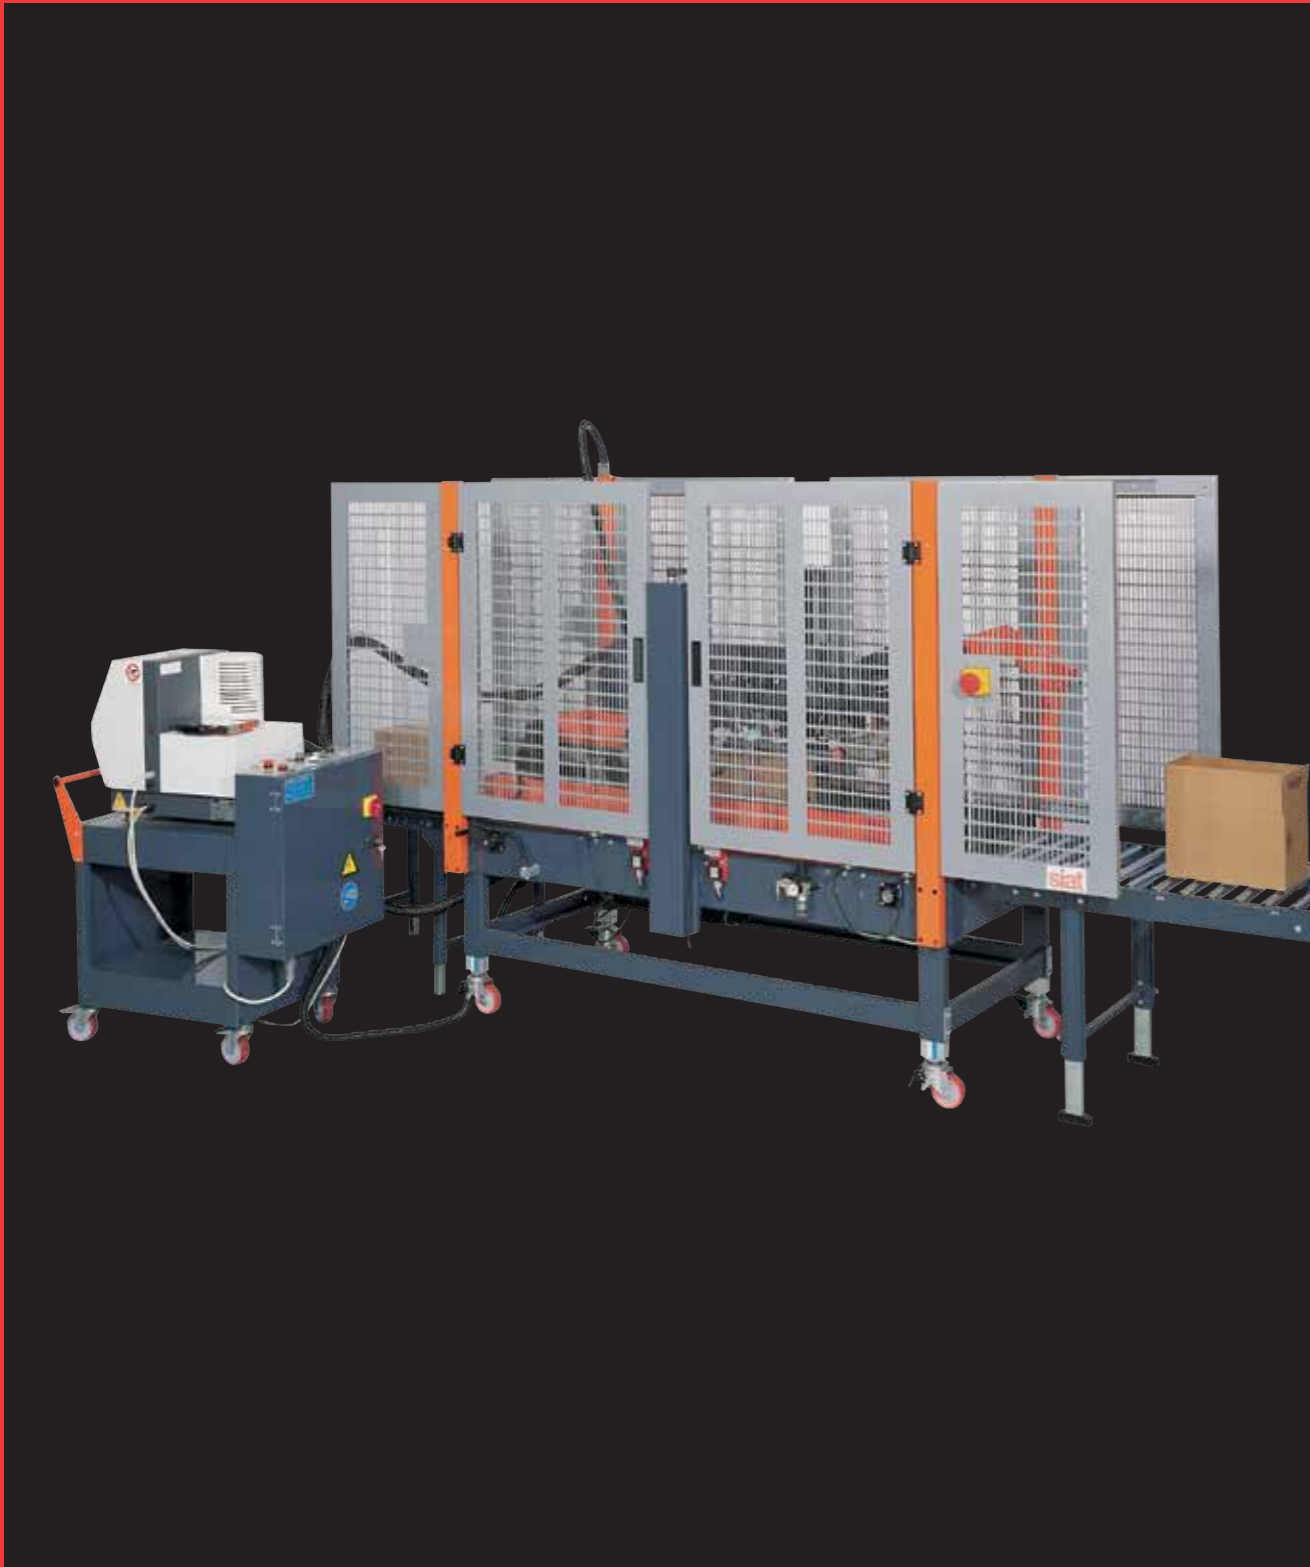

- Castors
- Top and bottom sealing, top seal only or bottom seal only

Carton sizes range (mm)

		L	W	H
SM44HD	Min.	200	150	140
	Max.	600	500	500
SM44/4HD	Min.	200	150	100
	Max.	600	500	460
SM446HD	Min.	300	200	220
	Max.	800	650	750
SM44HS	Min.	200	150	140
	Max.	600	500	500

HM11-T/TB

Carton Sealer

Fixed size, manually adjustable, side drive, hot-melt carton sealer with flap folder.

Specification

- HM11 (top sealer)
- HM11TB (top and bottom sealing)
- 3 phase 415v power required
- Compressed air required
- Pneumatic top flap folder
- Safety emergency stops
- Robatech Hot Melt System

Options

- Castors
- Nordson Hot Melt System

Warranty

All CPS equipment carries a 12 month (single shift) warranty (parts and labour) given normal wear and tear

Carton sizes range (mm)

	L	W	H
Min.	200	150	150
Max.	600	500	500
