

# Bee Wrap

## Mobile Pallet Wrapper

Semi-automatic mobile pallet wrapper.

BeeWrap is the mobile wrapping machine suitable for wrapping every pallet shape, dimensions and weight with stretch film. It is provided with a digital control panel that allows, in a very easy and functional way, to manage programs and to set the wrapping parameters.

### Advantages

- Wrapping of smaller & lighter loads
- Higher absolute wrapping height (2250 mm)
- Longer battery autonomy
- Reduced packaging size
- Easy & fast installation

### Options

- Gel batteries
- Photocell for black film or coloured products
- Remote control

### Warranty

All CPS equipment carries a 24 month (single shift) warranty (parts and labour) given normal wear and tear

### Key Features

- For pallets of height up to 2100 mm
- Only 1150 mm free space needed around the load to operate
- Safety bumper
- Operation indicator light and beeper
- 2 x 12V lead acid battery with incorporated battery charger
- Rudder for easy motorised robot moving
- Adjustable height tracing wheel
- Rear forklift access
- Reclining column for easy shipment and movement
- Advanced and user-friendly control panel
- Film carriage with clutch (mechanical or electromagnetic – M/FM) or powered prestretch (LP – 200%)
- Pallet height photocell
- Up to 300 pallets without recharging\*

\* Test Conditions: lead acid batteries + pallet dimensions 800 x 1200 x 1500 (h) + up & down cycle + 2 top wraps & 2 bottom wraps + film tension 10daN
